

## Light Up Your Lobes

A 2-day conference on the learning brain, reading, non-verbal learning disorder, and executive function

**Dr. Jane Bernstein** discussing reading and the brain from a neuropsychological viewpoint, *Brains Don't Work In A Vacuum: Developmental Neuropsychology, Learning, and Teaching*, with focus on strategies for parents and educators

Dr. Bernstein continues on Saturday morning with a focus on non-verbal learning disabilities, *NVLD? One or many?*

**Dr. Cheryl Chase-Carmichael**, a clinical psychologist, presents *Executive Functions: What are they, why are they important, and how can I help?*

Friday evening -- social event featuring the exhibitors and sponsors geared toward literacy issues

The overall focus will be on helping educators and parents better understand the relevant issues and develop take-home strategies that will be immediately useful to them in dealing with their students
